I think this world needs a horse hotel. I think people, who care about horses can come to me for a break, training, and selling their horse or buying a horse. Also, if your horse needs a horse friend, it can come and interact with one of my horses for a few hours or days. People who love horses and people who need a long, long break may come during our working hours to drop off their horse. They may also buy or sell a horse. If people don't know about my service I will put up posters and put my service number on billboards and make an ad in the daily newspaper. If people can't drop their horses off, I will have 2 buses come and pick up the horses from 7:00 a.m. to 10:00 p.m. I will need to hire at least 2 people who are willing to work long hours for little pay. The items I will need to make my horse hotel would be wood, paint, nails, hammers, saws, cement, bricks, ladders and buckets. It will take me about 3 years to make and buy everything. I will charge the owners 15 dollars a day to stay at my horse hotel! This horse hotel could make it so people who could never own horses, could.
