

Emily the Entrepreneur Contest Entry
Author – Alexandra Makeley of Genesee Valley Central School,
Teacher Mrs. Deichman, Grade 4

Hi my name is Alexandra Makeley and I want to be a vet when I grow up. A vet is needed for very many reasons. A vet is needed because there are no other vets in town. A vet would be helpful nearby because if your pet gets hurt real bad you won have to drive so far away.

Next, I will start to advertise. I will advertise by handing out fliers. I will also advertise by handing out newspapers.

I will need very many products. I will need all of vets tools. I could buy some flowers for the windows to make the building look cleaner.

Then I will sell all kinds of items for animals. I will start to sell things like shampoo and conditioner. I will also sell all kinds of brushes. Those are all of the reasons why I want to be a vet.
