Do you like walking to your couch when your favorite television show is on? If you don't, get a walking couch! It walks to you when you stomp your feet on the ground. My product will be available in the whole wide world. It will be advertised in the newspaper. I will let people test it out! The price will start low, costing \$50 at first. Then, I will add more and more every four weeks. My employees will work 5 hours each day. I will ship to you. So if you want it call the number 716-379-2211.
