The Oversized Balloon Company

Do you care about the environment? Are you tired of wasting money on gas? My Oversized Balloon is the thing for you! First, the balloon can carry people up to 5,000 miles! It will be sold world-wide. I will sell them on eBay. I will also put an ad in Nick Magazine saying, "The Giant Balloon! It can carry up to 3,000,000 pounds! Buy one on eBay today!" Next, it will cost \$10 for small, \$12 for medium, and \$14 for large. My employees will work 3 hours a day. I will pay them \$20 an hour. I will send them through the mail. Just make sure you leave it outside so it can absorb sunlight! It will be multi-colored. Operators are standing by. Just call: (716) 5231 for more details, to get a job, or to order a balloon! Clearly, my invention is awesome!
